Mobile Applications Development Project MAPD-726

Date: January 31, 2023

Vinay Vaithilingam
Mobile Applications Development Program Coordinator
Centennial College
941 Progress Ave
Scarborough, ON, M1G 3T8

Dear Vinay Vaithilingam,

Team Name, Team 007, a team of students of Centennial College, Progress Campus, is pleased to have an opportunity to build an application, Alumni Portal for client Centennial College.

Scope and Objectives

The Alumni app project is to create a platform that allows alumni to connect, communicate and interact with each other. The app will provide a centralized system for alumni to access and share information, updates, events and network with each other. The objectives of the project are:

1. Connecting alumni: The app helps alumni connect with each other and network.
2. Sharing information: The app provides a platform for alumni to share information and updates about jobs and events.
3. Keeping alumni informed: The app helps keep alumni informed about events and news from the alumni network and their alma mater.
4. Enhancing alumni engagement: The app enhances engagement among alumni by providing opportunities for interaction and connection.

The project scope is to develop a mobile application for alumni, including the design, implementation, and testing of the application. The final product will be a fully functional alumni app, ready to be deployed on the Google Play/AppStore.

High-Level Deliverables

Here are some of the high-level deliverables that may be expected in an alumni app project:

1. User Registration and Login
2. Profile Management for Alumni and Students
3. Post section screen to make a new post or to see other's posts.
4. Three post categories namely: General, Event and Job
5. Batchmates screen for post of batchmates and with some exclusive posts which were intended for batchmates and not for general page.
6. All Android source code & files

The project will begin on 01/11/2023 and finish on 04/19/2023.

In order to accomplish our goal, we will need the following material and/or information:

1. The college has accurate information on all alumni and students.
2. We need legal advice to deploy privacy and security regulations.

Your assistance in expediting the above material and any future information we may require is appreciated. Please inform us if you have any questions concerning our interpretation of the work to be accomplished.

Thank you for giving us this opportunity to apply our knowledge and skills in an actual business environment. We are looking forward to an interesting and challenging project.

Sincerely,

Amrik Singh
